Jack of Clubs:

Cerebral Producer

Characteristics: The Jack of Clubs can make a lot of money doing what they truly like if they find their calling. Males, more than the females, frequently find themselves as entrepreneurs. Mentally astute, they are frequently prone to arguing, but usually unable to see that it is their love of debate that is what precipitates many of their disagreements with others. Practically as though they want some mental exercise, they will debate you when the opportunity presents itself. However, their minds are often made up and this on occasions gets in the way of their striving for the truth. On the other hand, it can give them the chance to stand up for what they believe in and give them the opportunity to conclude what they start. Pettiness, because they are Royal, is disliked and they tend to be a bit impatient with the shortcomings of others. They need a position that permits their intelligence the freedom to create and explore.

Jack of Clubs are an odd mixture of the most creative and the most dishonest. So, in the end, when we confront the issue of what they are, the answer is both. Intellectual and monetary creativity are the realm of the Jack of Clubs. Their sharp minds are way ahead of the average person and society. They are productive and highly energetic. They are neither female nor male because they are individuals of the Aquarian Age. In the evolution of our society and even the world, they are the progressives and the pathfinders. Their great mental facilities can always make an excellent livelihood for them. They have a constant reminder from Saturn's hand, of the boundaries that keep them attuned and just. Believing their own fictions is where the trouble begins, because they drift away from reality a bit too much and create a lot of problems before resuming course. Being good and giving is their fundamental nature despite being argumentative at times. Finally, they are friendly and loving to everyone they encounter. For some, there are large financial gains because they can always come up with new and novel ideas. The Jack of Clubs, unfortunately however, can lack responsibility and on occasions not be honest. They have such a loose framework of mental constructs that one perspective is just another way of perceiving things. They can rationalize away almost anything because they can make up an event so quickly and believably. Generally it is hard for them to get away with much in that respect though.

Relationships: Their Love Karma, however, is not particularly bad. Friendship first is what they need, a person who will let them have the freedom to be themselves. They are faithful and devoted if they have this. The males are superb lovers and the females are wonderful companions. The poor health of someone they love can be something they have to deal with; a family member, friend or loved one. Another possibility is their own health issues. Such issues in the case of Jack of Clubs usually pertain to something emotional related to a family member or lover. Obstacles for the Jack of Clubs result from a strong and inflexible mental concept of life. Particularly in the area of love, a mental approach does not always work.

Personality Connections: Heart women are a weakness for men Jack of Clubs. Jack of Clubs men are challenging for Diamond women. Diamond men are a karmic ally connecting to women Jack of Clubs, although some are more difficult than others. The men of the Clubs suit are easier.

Confrontations: The Jack of Clubs has a look of intelligence about them. Outspokenness combined with this mental approach means they are a match. Their love life as well as most things is taken intellectually. This cerebral approach includes those they love and have feelings for. Love is present but everything is a mental construct. Their strong mind is there even though they have the feelings. Such a mind draws conclusions even about love. There is a hard to describe and unusual aspect about Jack of Clubs that manifests itself in all of them. The men and women are very different. There is a peaceful manner to the women and a calmness in their appearance.
