The Boar is a country creature and that alone might lead to a more direct manner of communication. The Aquarius portion of this being is, like most Aquarius individuals, fairly open. Stir all of this up and the end result can be a person who speaks before they think, making them, to a degree, a mouth waiting to have a foot inserted in it. Part and parcel of this is a sincere individual because, after all, sincerity is a kind of honest and direct form of speech, if nothing else. There is one trait that stands out in the Aquarius-Boar more than any other and that is their sometimes over the top tactlessness and belligerence. It sometimes seems as though the mind of this person is totally open to public view. If they think it, they will say it. Why this is the case is a minor mystery. Whatever the case may be and however the blend is seasoned, it is both audacious and direct. A concomitant aspect of this can be rage and resentment, which they express on a fairly routine basis. That is not to say they are intolerant all of the time. They are not any more interested in conflict than most people. They just happen to be especially quarrelsome and pugnacious. They have a self-image that is blown out of proportion by their self-centered mind set. They do, however, have a lot of friends in spite of their liabilities. The Boar is powerful and the Aquarius is ambitious. Consequently the Aquarius-Boar is determined. They lead a life of full steam ahead, but they can, at times, be a runaway train. Besides their tactlessness, they have huge egos that put things out of focus.

**Romance:** This combination wants someone with mooneyes and mouth agape as they tell of how they accomplished this or they did that. The bedroom will not be an especially exciting place because the self-centeredness continues. They want someone to carry their bags and to cook their meals and all the while being awe struck about them. Those who are married to the Aquarius-Boar need to be good listeners. The Aquarius-Boar is gifted in the area of displaying affection. They are huggers and kissers. They are the type that holds hands or nuzzles up behind a person and strokes their hair. The show is there. Deep feelings and loyalty are quite another matter. Giving of themselves for the sake of their partner is a bit on the light side at best. This is a person who focuses on himself or herself and they expect a

partner in life who focuses on them as well. They want a cheerleader and a person who they can brag to.

**Relationships:** Taurus, Leo or Scorpio-Snakes require some caution in compatibility for this combination because they are not a good pick, but they are attractive to the Aquarius-Boar. Taurus-Horses are strictly a no go. Terrific selections for love can be found with Rabbits and Rams. The elite among those are Aries, Gemini, Libra and Sagittarius. An additional good choice is the Aries-Tiger.

**Family Life:** There is a strong likelihood that the Aquarius-Boar will live in the countryside. This combination has enough taste to make their abode appropriate for the rural setting. The Aquarius-Boar gets along fine with children but is somewhat of the seen-but-not-heard school of thought. This mindset is the result of their concern with advancement. This individual's partner will do most of the child rearing. If one pictures a grand palace they might have some notion relative to the home of an Aquarius-Boar. Start with huge and continue right on down the line to lavish and that is where this combination reigns. In perfectly chosen locations throughout the home will be computers and other necessary gadgets. The décor of this home is luculent and pompous. It is, in spite of this, a cultured environment and a place that is comfortable.

**Likelihood:** They have known from an early age what they wanted and where they were going and they will not be stopped. At work they are the boss. It does not matter what their job title is or the details of the job description; they will have rank and status. The Aquarius-Boar is driven by the craving for financial gain and control. They are willing to do almost anything in their quest, so clearly this is a primary aspect of the professional life of an Aquarius-Boar. Dangle the prospect of an upward move and watch their smiles grow.

**Famous Aquarius/Boars:** *Ronald Reagan, John McEnroe, Sonny Bono, Mikhail Baryshnikov.*
